## Security Solutions

At-A-Glance Product Guide

With a presence in 150 million homes, Resideo's smart home solutions help security dealers build their business for the future by offering a broad range of home security and automation solutions that help simplify their operations and strengthen relationships with their customers.

We offer residential and small-to-medium sized businesses a variety of Resideo security products. We are authorized to distribute the following security systems that seamlessly integrate with lighting, smart thermostats, and more for control whether at home or away:

**ProSeries Platform**

The ultimate connected home security system with dedicated touch-screen panels and built-in Amazon Alexa to control security settings, raise a thermostat, adjust smart bulbs and much more; all with the touch of a button or a simple voice command.

**VISTA® Platform**

A proven security and life-safety platform that is highly flexible and scalable, offering a wide selection of hardwired and wireless sensors, numerous user interface options, and support for automation capabilities.

**Other security and life-saving accessories**, such as sensors, glassbreak detectors, combo smoke/CO detectors and keypads.

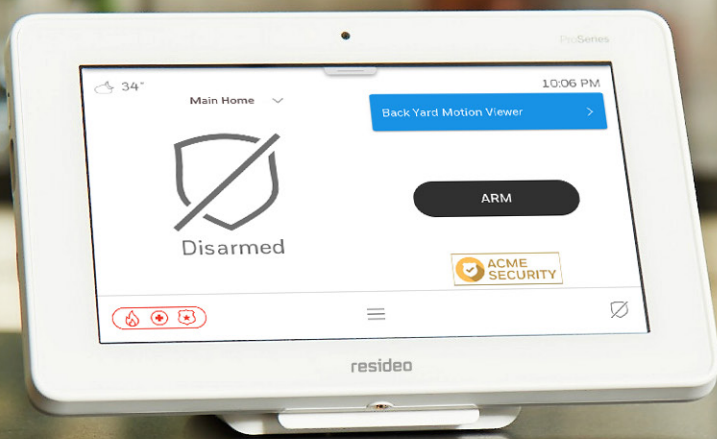

The Resideo logo is displayed in white lowercase letters on a red background.
